The living dead

Dr. Drang @drdrang

9 Aug

Linux users assume open-sourcing means a program will live forever; Mac users assume it means the program is dead.

Sometimes they come back

ben @beanieboi

18 Jul

yesterday i published a mac app, which converts a scanned LomoKino film into a movie, because i had no time/motivation to work further on it

Expand

ben @beanieboi

18 Jul

but now i'm motivated to continue working on it because other people see my code. "motivation-through-open-sourcing" - github.com/beanieboi/Lomo...

The relation between
money and work
is like the relation between
code and ideas.

Ruby News @ruby_news

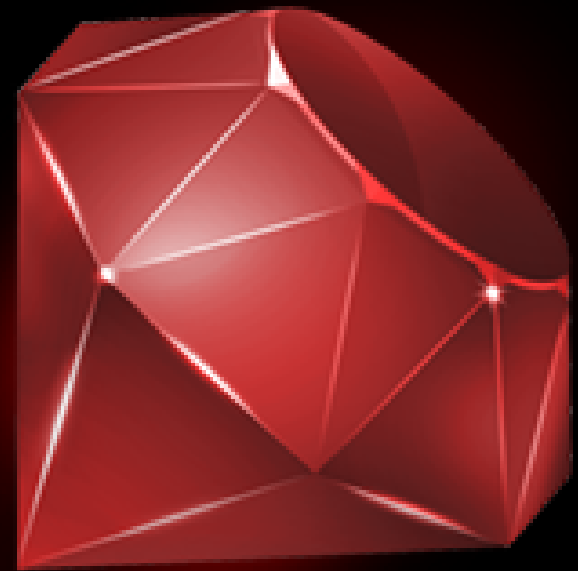

11 Jun

We found Capistrano and Vlad too slow, so we made our own
deployer gem, and would love to hear your feedback. [nadarei.co/
